Cryptonomicon

Cryptonomicon is a 1999 novel by American author Neal Stephenson, set in two different time periods. One group of characters are World War II-era Allied codebreakers and tactical-deception operatives affiliated with the Government Code and Cypher School at Bletchley Park (UK), and disillusioned Axis military and intelligence figures. The second narrative is set in the late 1990s, with ...

Some other reviewers have compared Cryptonomicon to Thomas Pynchon's books such as Gravity's Rainbow, Against The Day, or V. These share with Cryptonomicon a love of Mathematics and sometimes far-fetched engineering. They also share graphic descriptions of sex. However, Pynchon is a great novelist, and Stephenson is a competent one.

Cryptonomicon is slow, boring, has lengthy descriptions just for description-sake. Neal Stephenson tries to be light and funny, but the humor is adolescent and falls flat. It's also overly-nerdy, like a lengthy discussion of the satisfaction after masturbation vs. sex that apparently had to be expressed as boring mathematical functions to gain ...
