The most important legislations in Germany are the German Food and Feed Code, Regulation (EC) No. 178/2002 (GFL) and Regulation (EU) 2017/625. This article examines whether there is a definition of food fraud in Germany or Europe and aims to estimate if the existing legislation is appropriate for protecting the health and interests of consumers effectively.

Global Food Law and Quality

Food hygiene: food businesses, from farms to restaurants, must comply with EU food law, including those importing food to the EU. Animal health: sanitary controls and measures for pets, farmed animals and wildlife monitor and manage diseases, and trace the movement of all farm animals.

Food safety in the EU | European Union

How does the U.S. stack up against the European Union (EU) on food safety issues? In addition to restrictions on pesticide use in food production, the EU also has remarkably different standards when it comes to matters such as GMOs, hormones, questionable chemicals and other additives. The editors of YES! Magazine created this great infographic highlighting 13 ways "Europe does food production ...
