Architecture is about more than buildings. As a field, it plays a key role in the health, safety, and welfare of the public — or at least it should. Craig L. Wilkins — one of the most prolific ...

It's Time for Architects to Accept Responsibility - Curbed

Poor people are disproportionately impacted by this crisis because they live in conditions that over decades have seen public health risks intensify. Elihu Rubin. With colleagues in the Yale Urban Design Workshop (YUDW), Rubin is considering how urban architecture could adapt post-pandemic to improve public health.

Reimagining urban environments post-pandemic | YaleNews

The pandemic didn't stop this year's Landscape Architecture Foundation (LAF) fellows in innovation and leadership from presenting the results of their year-long investigations. In an online symposium attended by more than a thousand people, six emerging leaders in the field of landscape architecture explained how design can help create a more just world.
