Press and hold [set], press appropriate device key - led lights - release keys - press [set] - led blinks. Press [power] key repeatedly till device is switched to standby - press device key to store the code. If, after releasing the keys, [set] is pressed twice, search runs backward through the list.

URC22B and UET609 remote control operation

Device control codes for the URC22B universal remote control. These codes should hold good for the kelada2000/UET 609 and other controls in this range. There may be other economy priced controls that also use these codes. The code list may be considered fairly old so many DVD player codes and digibox codes will not be included.

URC22B and 609kelada2000/UET remote control codes

Use the remote control's number pad to enter the code assigned to the brand of the device the remote is being programmed to control. Press the "Power" button on the remote to see if the device shuts off. If it does shut off, the universal remote is programmed with the right code to control the device.
