This exciting new text is the first to explore the discipline of ‘Netnography’ – the conduct of ethnography over the internet – a method specifically designed to study cultures and communities online.

Netnography: Doing Ethnographic Research Online: Kozinets ...

In this new edition of Netnography, Kozinets expands on his original insights to provide a wonderfully comprehensive guide to researching online socialities.These socialities are real and interaction in them is, in its own way, powerfully face-to-face. We need far more high-quality research in this area, and Netnography can help guide scholars to make this a reality.
