VAG group 2.0 TDI 140, 170 BHP engine guide

Now, I've always said that I'd never contemplate a 2.0 TDI having heard all the horror stories of oil pumps etc but now find myself looking at a very late 2006 A3 with the 2.0 140bhp BKD engine. It has done just over 100k miles with an impeccable service history and the turbo was replaced about 20k miles ago.

VAG group 2.0 TDI 140, 170 BHP engine guide

Hi-- I have a complicated series of issues with my 2.0 TDI -- it's a 2005 model with the BKD engine -- this is Skoda but it is the identical motor in every way to the Passat sold in the US and elsewhere with the same motor. I have a severe hesitation under acceleration, which comes and goes...

Complicated Problem -- 2.0 TDI Engine | TDIclub Forums

The BKD engine used in various VAG cars is a very good and reliable unit. Head porosity was very rare and only afflicted a few cars in my experience. Turbo failure is common on this engine but apart from that they do not suffer injector or oil pump/balancer shaft issues and are a very reliable and widely used engine.
